

2026 School Contributions and Charges

Grovelands Primary School

In accordance with the School Education Act 1999, schools are required to outline anticipated financial costs of the education programs at the school. The School Board has endorsed the following schedule of contributions and charges for 2026.

1. Voluntary Contribution of \$40.00 per student per year.

While these contributions are voluntary, financial support by parents plays a significant role in the provision of resources that extend the school's capacity to add value to students' learning experiences. The quality of our teaching and learning programs at Grovelands PS will be maximised when families make a contribution. Funds raised contribute towards resources used to enhance the learning programs of all students in areas such as Literacy, Numeracy, ICT, Physical Education, Arts, Music and STEAM.

2. Personal Items.

These are the personal use items that students are expected to have at all times in order to be able to participate in the educational programs. The items requested can vary between year levels. Items can be ordered through West School Supplies or purchased through alternative suppliers.

If your child runs out of particular items, you may be requested to replenish these items during the year. Many items can be reused from previous years, e.g., rulers. Please mark items with your child's name.

3. School Charges for optional activities.

The school offers a range of activities during the year as part of the educational program. Not all students participate in all activities. Some activities can incur a charge. You will be advised of the activity and cost involved at the appropriate time. Students can only participate in an activity if payment is made prior to the event.

The charge listed is the maximum projected cost for the activity.

PEAC

The South Metropolitan Primary Extension and Challenge (PEAC) program provides extension and challenge opportunities for students deemed as eligible through state-wide testing in Year 4. Eligible Year 4 students have an opportunity to engage in an introductory event called 'Ignite' at a maximum cost of \$50. As students transition to Year 5 and 6, eligible PEAC students have the opportunity to engage in optional courses between \$15-100 per cycle (trimester). The maximum annual combined contribution, depending on course selections by parents and students is \$300.

Payments

When requested payments can be made in full or in instalments:

- at the office with cash (correct amount only as no change is available) or
